

About Us

NomadISP, a division of LinOra, Inc., was founded in 2004. NomadISP has since grown to be the largest and most trusted wireless internet service provider in the recreation industry. As a manufacturer of rugged, high quality WiFi hardware, NomadISP is uniquely positioned to provide the technology and service level that the recreation industry requires.

Our staff of hardware engineers, software architects and industry experts are focused on providing the most reliable systems tailored to the unusual and extraordinary environments of RV parks, marinas, golf courses and resort communities.

NomadISP's objective is to provide guests with a pleasant, satisfying experience and we achieve that goal by ensuring our equipment is solid and easy to support.

With a reputation for innovative solutions and quick, personal service, NomadISP has grown to provide WiFi to hundreds of locations throughout North America, including the United States, Canada and Mexico.
